**Richard’s Report**

- The Department is putting on a workshop for School Council chairs, but it conflicts with another Department meeting. The first day is on how to run Council and on how to read and understand principals’ reports. The second day will be a presentation by Shelly Willton from Victoria, BC.
- On Thursdays, Richard will dedicate 10:30 – noon specifically for school council issues so members should feel free to drop by.
- The SC handbook is being drafted by the AYSCBC, not by the Department and no word on when it will be ready for use.
- Richard is still trying to secure a full, 20 seat activity bus for JHES.
- **Richard to tell Jeff what the process is for determining end-of-life and replacement for fleet vehicles.**
- **Richard to investigate how Golden Horn Elementary School got the full activity bus that had been verbally allocated to JHES and will let SC know.**

**4 Treasurer’s Report.**

No new information.

## 5 Principal's Report

- See Principal's Report included in the meeting package.
- Facilities issues remain outstanding:
  - There are still no fire alarm covers.
  - Radon tests are now distributed throughout the school
  - Lack of blinds are still an issue in certain rooms
  - Room 15 (flex room) is still closed (from October) due to a leaky radiator.
  - The mice issue is critical. The contract with Orkin expired in January and a new tender closed, but we don't know who it was awarded to.
- How to get items addressed that have been on the list for years? Letter to be sent to Ted and Adam of outstanding items with safety items outlined, including the bus item, and including a brief history on how long each item has been on the list.

## 6 Committee Reports

### 6.1 Transportation Committee

First meeting since May was held on Nov 27<sup>th</sup>. It was a full meeting with the DM and ADM both present. The Mgr from standard is no longer with them. Standard's parent company had a representative at the meeting and talked about wanting to institute changes. No specific commitments were given by Standard or by YG. They did note that the job of 'bus driver' entails delivering children on schedule, but that many bus drivers are having to provide oversight for the children and that they shouldn't have to – especially for the children with significant behavioural challenges.

## 7 Old Business & Correspondence

### 1. Review & update action item status

- Remove items 4 and 6; first 3 items to stay.
- Jesse to buy mousetraps and be reimbursed.

## 8 New Business

### 1 Fundraising

- a. Final basket numbers for flower baskets must be in by April 1<sup>st</sup>. We should launch the flower basket fundraiser on the first week of March.
- b. Note that the ESED fund is still active with another funder.
- c. Film night may be a good fundraising idea; maybe with the upcoming Super Mario Bros movie. Should it be a matinée show or in the evening so that more parents can come?
- d. Protective equipment for playing hockey is being purchased. SC to buy more shovels for kids.

2 The AYSCBC is to meet with Minister Kent on topics already agreed upon.

3 The snow pile in the yard started out as a desirable playground feature, but melting and freezing turned it into a hazard so it's now closed for play. And Norcope has the contract to remove it.

4 MLA concerns: Holly Street development and 12<sup>th</sup> Avenue speeding. Write a letter to MLAs.
